**A FISCAL PLAN FOR THE ORGANIZATION AND EXTENSION  
OF SERVICES FOR THE PROPOSED ANNEXATION OF  
THE AREA COMMONLY KNOWN AS  
COLUMBIA COURT, ST. JOHN, INDIANA (“PROPERTY”)**

This document is the written Fiscal Plan, which establishes a definite policy for providing municipal services to the described area being proposed for annexation.

The legal description of the Property is as follows:

**Parcel One (1): That part of the East 29 acres of the Southeast Quarter (SE ¼) of the Southwest Quarter (SW ¼) of Section 30, Township 35 North, Range 9 West of the Second Principal Meridian, lying South of the Centerline of Schmal Road, excepting there from the West 297 feet thereof, containing 4.49 acres, more or less. (Parcel # 45-11-30-379-002.000-032).**

**Parcel Two (2): The East Half (E ½) of the Northeast Quarter (NE ¼) of the Northwest Quarter (NW ¼) of Section 31, Township 35 North, Range 9 West of the Second Principal Meridian, containing 20.055 acres, more or less. (Parcel # 45-11-31-126-016.000-032).**

**Commonly known as: 13621 West 93<sup>rd</sup> Street, St. John, Indiana 46373**

Once the annexation ordinance is passed by the St. John Town Council and formally enacted and this document adopted by resolution, it will be the official document regarding fiscal planning for that area. The Property will be annexed by the Town of St. John as R-1 Single Family Residential, and shown as such on the zoning maps.

Police and fire protection, emergency medical services, solid waste collection, and traffic control will be provided for the health and safety of the residents in the area to be annexed. Patrons and workers of any business will be provided the above services at standard levels upon annexation. All other non-capital services, such as street maintenance, and all administrative functions of the Town, will be provided upon annexation and in the same manner as similar areas are normally provided within the Town. As indicated elsewhere in this document, there are no facilities of a capital nature anticipated, and no need for park services or other similar services.

The supporting documentation indicates the nominal cost of providing these services as the property develops. When the area is developed, it is anticipated that revenues from property taxes will exceed the cost of services required. This is based on the assumption that if the Town of St. John and its Plan Commission approve the proposed development plan to be presented after the annexation of the property then additional services provided will be used for R-1 Single Family Residential improvements.

## **STATE LAW ANNEXATION REQUIREMENTS**

(I. C. 36-4-3-12(d))

(A). Within one (1) year of each annexation, the Town must provide the area annexed with planned services of a non-capital nature, which are equivalent in standard and scope to those non-capital services provided to similar areas in the Town.

(B). Services of a capital nature are to be provided within three (3) years of the effective date of each annexation in the same manner as those services are provided to similar areas within the Town.

(C). Cost estimates of the services, methods of financing the services, and a plan for the organization and extension of services are also required.

## **PROVISIONS FOR MUNICIPAL SERVICES**

Listed below are the municipal services that are normally provided to the areas of the Town. Within each listing is an explanation of the nature of the services as it relates to the proposed annexation and its estimated cost.

1. **POLICE PROTECTION**

The area being considered for annexation is approximately twenty-four point five (24.5) acres, more or less, and would be easily patrolled.

2. **FIRE PROTECTION**

Adequate taxes will be collected to fund fire protection needed. The area is currently being serviced by the Town of St. John Fire Department.

3. **EMERGENCY MEDICAL SERVICES**

The area is currently being serviced by the Town of St. John Emergency Medical Services Department.

4. **SOLID WASTE COLLECTION**

Solid Waste Collection is provided by a private company on a contracted basis. The Town's portion of said cost can be recouped from property taxes on developed residential units because the need for said services will not arise until occupancy of the residential units occurs.

5. **TRAFFIC CONTROL**

Traffic control for this area would be under the jurisdiction of the St. John Police Department. Installation of automatic traffic control signs or other measures are not anticipated at this time.

6. STREETS AND ROADS

The area proposed for annexation is currently served by existing public streets. Additional equipment or manpower would not be required as a result of this annexation.

7. STREET LIGHTS

No new street lights are anticipated at this time.

8. PARKS

An increase in park services for the existing residential units is insignificant; any open space within the subdivision that eventually is developed would be dedicated to the Parks and Recreation Department of the Town of St. John.

9. GENERAL ADMINISTRATIVE FUNCTIONS

The costs of General Administrative Services cannot be directly related to the size or use of the area to be annexed. It is assumed that the administrative staff of the Town of St. John will be able to absorb any additional workload that may result from the annexation.
